

Give your clients a map — not just a meeting.

Put It's Not Your Fault in the hands of every family you help.

Your clients arrive overwhelmed — a parent declining, decisions piling up, and no idea what to do between appointments. **It's Not Your Fault** is the practical guide that answers those questions — and on nearly every planning page, it tells families to do exactly what you tell them: **see an elder-law attorney, early**. Hand it to a client and you become the person who gave them the whole map.

Why attorneys give this book

- **Goodwill that lasts.** A \$17 book is the most memorable leave-behind you can give.
- **Fewer frantic calls.** Clients who understand the system ask sharper questions and panic less.
- **Referrals.** Families pass a genuinely useful book — with your name in it — to other families.
- **Positioning.** It frames you as the calm expert who thinks about the whole family, not just the documents.
- **It reinforces your advice** — the book repeatedly points readers to counsel on the look-back, POA, trusts, and estate recovery.

How the program works

- 1 **Order copies** in bulk at the tiered pricing below.
- 2 We add a **custom bookplate** inside the front — “*Provided to you by [Your Firm]*” with your logo and contact info.
- 3 You **hand them to clients** at consults, signings, and seminars.

The book stays neutral. Your firm’s name lives on the insert — not in the book’s text — so it keeps the independent credibility that makes it worth giving.

Bulk pricing

QUANTITY	PRICE PER COPY	CUSTOM BOOKPLATE
10–24	\$__ (example: \$14)	Add \$__ setup
25–49	\$__ (example: \$12)	Included
50–99	\$__ (example: \$10)	Included
100+	\$__ (example: \$9)	Included + name on the website directory

Example figures shown for layout — set final pricing against your print cost and target margin (large-format premium-color printing runs higher than a standard paperback). Shipping billed at cost.

The book at a glance

It's Not Your Fault: Helping Caregivers with Aging Loved Ones — by **Rob Brizzi**, Certified Dementia Practitioner, with **Hope Brizzi, PharmD**. A large-format (8.5×11), full-color, color-coded workbook: **29 chapters** organized by urgency — Act Today, Watch Closely, Plan Ahead — covering care options, paying for care, the

documents that matter, and hospice. Includes fillable worksheets, scored self-checks, and **state quick-start guides**.
