

*You're not failing. You just haven't been shown how.*

## Caring for an aging parent is overwhelming — nobody hands you a map.

Color-coded by urgency — Act Today, Watch Closely, Plan Ahead — *It's Not Your Fault* helps your family get organized, make informed decisions, and face the healthcare system with confidence, even on your worst day.

### Inside you'll find how to:

- ✦ Know what to do first when a parent declines — organized by urgency
- ✦ Spot the Medicare "observation vs. admitted" trap that decides who pays for rehab
- ✦ Protect savings and the home before the Medicaid five-year look-back
- ✦ Compare every care option — home health to hospice — and how families actually pay
- ✦ Find prescription help that looks at income, not your house
- ✦ Protect yourself from burnout — and the mistakes that cost families the most
